## Policy Document

The Policy of the institution is to provide financial assistance to our dear students to continue their studies.

Usually Central Government and State Government of West Bengal provide different scholarships to students. They can apply as per their requirement.

Usually in our colleges, students are coming from middle class and lower middle class families with financial crisis. When a student cannot fill her examination form for the failure of payment, she is used to apply for concession.

Our college then takes the responsibility and gives her concessions. This happens every year for a significant number of students.

The students holding BPL card are also advised to apply for concession of fees, whenever they are in financial crisis.

Apart from that, non-teaching staff welfare committee also provides financial assistance to our needy students, as per availability of their funds.
