Dear Sir/ Ma'am,

Greetings from Pune Institute of Business Management

It was an immense pleasure to have you in '**Principal Meet**' in HHI on 16.06.2022. Since long you all have contributed to this society and made thousands of students successful and I know still the count is on. As the Agenda of Principal Meet was **NEP 2020 : The Education - Employability Manifesto**,

Our Chairman, and other Speakers speaks onto following agenda, These are as follows:

- Each one of us must be flexible in adopting new ways of teaching, which will lead to strengthening the graduate students.
- We all must use recent case studies, practical balance sheets, role play to increase and boost confidence among the students.
- Our Chairman suggested to include internships in various fields of Graduation like BCom, BSc, BA (different streams) depending upon their area of specialization and PIBM Pune will play a vital role in uplifting this model and ready to help degree colleges for providing internships to the students.
- Our Chairman also insisted on providing live projects onto various topics from the syllabus itself, and to work, do surveys, collect information and present in front of the related subject heads for providing the practical flavour of the theoretical insight.
- Having a strong association with top companies and **tie up with various global universities like University of Bridgeport, USA, Lawrence Technological University, Farmer School of Business, MIAMI University, USA**, and more. We are ready to provide Faculty Development Program (FDP) on various topics suggested by your prestigious College and also invite all rest college officials to participate and get benefitted out of it.
- As we all know that the world is changing rapidly in terms of technological innovation hence we all must keep ourselves and our team aligned to new methods, ways, sources, connections, for betterment of self and students development. We must always look forward to upskill and reskill ourself to align the training of the students as per the constantly changing industry requirements.
- Also we are ready to raise the insight of your commerce students at Bachelor and Postgraduate level with the help of Virtual sessions on the **importance and application of Bloomberg Terminal**, which will lead commerce students to start seeing the practical market and understand the movement and predictions which will increase their interest in Financial markets. This will also help the students in analysing company financial statements, Balance sheet and conduct/ understand equity research. After the session if needed we can conduct additional sessions for better understanding.
- We are pleased to provide you all a series of corporate sessions by different leading top companies like Deloitte, KPMG, PWC, Nestle, Mahindra and Mahindra, Capgemini, TCS, Wipro, Accenture and 500+ more associated companies.

- We will schedule **NEST (National Employability Skill Test)** for all your Graduation Final year, Passed out and Post graduate Students and selected students will be guided on various JDs (Job Descriptions) of various companies and ensuring free of cost placements to few selected students of different participated degree college in this Principal's Meet.
- It's an honor to request you on behalf of our Chairman, Mr. Raman Preet that any one among you if need to speak to him onto anything related to skilling of students, Developing Faculties, Internships, various Certifications to enhance confidence and practical learning, or any other input, are free to revert back to this mail and i will try to arrange a virtual meeting with the Chairman himself.

All the above said pointers are for the betterment of students and Faculty members which will ultimately lead to support the society and uplift the employability scenario which we are experiencing since past few years.

We welcome any suggestions or remarks regarding the above mentioned points we discussed in Principal meet 2022.

We look forward to having more fruitful associations.

--
Regards
