Green Campus Initiative Policy (2018-2023)

Rammohan College, an old and revered Institution in North Kolkata, has taken major steps in maintaining an eco-friendly, green environment in its New Science Building campus.

INSTITUTIONAL INITIATIVES

1. **Alternative sources of energy**-The College has facilities for the use of solar panels and LED bulbs as alternate sources of energy.
2. **Water Conservation**-The up gradation of the rain-water harvesting system is under process, as a tool for water conservation.
3. **Waste management**-No littering is allowed in the campus. All **degradable** and **non-degradable wastes** are deposited **separately in marked containers** by concerned departments. These are regularly collected by the Kolkata Municipal Corporation. However the Covid-19 pandemic had stopped all offline activities in the College laboratories from March 2020 to June 2021. College disposes off **e-Wastes** through registered companies for **recycling**.
4. **Restricted entry of automobiles**- The College does not allow automobiles inside the campus.
However during programmes in the Rammohun Roy Memorial Museum, some cars are allowed entry as the Museum is a part of the campus.
5. **Pedestrian friendly pathways**- Well-lit pathways connect the campus. As no vehicles are normally allowed within the campus; movement is safe and easy for all. Lift and ramps have also been installed for all and especially for differently abled persons/dibyang.
6. **Ban on use of plastics** – Single use plastic Items like plastic bags, bottles and cups are banned in the campus. Awareness is created among the students and staff and guardians through display boards in the premises.
7. **Landscaping with trees and plants**-The campus contains many old trees along with newly planted ones to reduce pollution. Great care is taken to maintain the landscaped garden, the medicinal plant garden, the lily pool and the fish pond (the last is needed to teach pisciculture by certain Bio-science departments). The NSS occasionally conducts programmes, both inside and outside the campus on the importance of planting trees.
